Time Problems (Half Hours)

Name: Date:

Don't forget: 1 hour = 60 minutes, ½ hour = 30 minutes

Grace began to watch a film at 8 o'clock. The film lasted 2½ hours. What time did it finish?	It takes Tim 30 minutes to complete his morning paper round. How long does he spend delivering papers in a week if he works every day?
The Smith family leave the zoo at 4:00 after spending 3½ hours looking at the animals. What time did they get there?	A baked potato takes 1½ hours to cook. If it's put into the oven at half past 11, what time will it be ready?
A car boot sale begins at 7:30 am and ends at 4:00 pm. How long does it last?	Pam's party began at half past 7 and lasted for 5½ hours. What time did it finish?
Lucy works in her garden from half past 10 to 3 o'clock. How long is this?	It took Mike 4 hours and 30 minutes to read the last few chapters of his book. If he finished at 11:00 pm, what time did he start?
