

# Uses of Electricity

Name:

Date:

- Cut out and stick the pictures of electrical things to match their use.

To help you keep things clean	To help you see in the dark	To help you keep in touch
To help you keep memories	To keep you entertained	To get you from one place to another
To keep you warm	To help you cook	To keep you safe
To keep you fit	To help you keep on time	To keep your food from rotting

*I know that electricity can be used for lots of different purposes. I can name some of those uses.*
